

## WHO WE ARE

Phoenix is a Calgary-based, **non-profit independent school** that supports families in providing meaningful early education. We're publicly accredited and funded, and we've been serving children and families since 2004.

Our mission is to provide learning opportunities that help each child become a lifelong learner and an active, responsible global citizen.

## LEARN MORE

Phoenix Education Foundation offers Preschool and a unique Kindergarten program designed for families who value flexibility in future learning pathways, including homeschooling.

# PRESCHOOL & KINDERGARTEN

2026 / 2027  
Now Open for Registration!

## PRESCHOOL PROGRAM

Our Preschool program offers structured early learning in a setting designed for young children's developmental rhythms.

### Schedule & Details:

- Tuesdays &/or Thursdays, 9:30 AM – 12:00 PM
- Age-appropriate activities that encourage social skills, language, and play-based exploration
- Small class sizes: maximum 6 children

Our preschool supports each child's natural curiosity while building confidence and readiness for Kindergarten.

## KINDERGARTEN PROGRAM

Designed specifically for families intending to homeschool, while providing structured, teacher-led instruction that follows the Alberta Program of Studies.

### Program Features

- Full day class on Tuesdays & Thursdays 9:00 AM – 3:05 PM
- **Maximum 22 students** per class
- Field trips and community learning experiences included
- **475 instructional hours per year**

Families who qualify can receive the Alberta Transportation Grant to help with travel costs.

## WHAT MAKES OUR PROGRAMS SPECIAL

Students are encouraged to explore practical skills and creative work through activities like STEAM (science, technology, engineering, art and math), music, sign language, gym time and more.

Field trips and local exploration deepen the students' sense of belonging and help them learn about the world around them.

Limited numbers ensure personal attention and responsive support for each child.

## IS PHOENIX A GOOD FIT FOR YOUR FAMILY?

- ✓ Small class sizes and personal attention
- ✓ A calm, nurturing learning environment
- ✓ Play-based, inquiry-driven learning
- ✓ Alignment with the Alberta Program of Studies
- ✓ Flexibility for future learning pathways
- ✓ A strong partnership between educators and families

## A strong foundation for every learning path

Our early years programs build strong foundations for children and families, supporting traditional schooling or future homeschooling pathways within an Alberta-aligned framework.
